

Terms & Conditions for safe Social Bowling during Coronavirus

In accordance with the latest Government and BCGBA guidelines the Club has put together the following simple, common-sense guidance. The safety of our Members is of prime importance and we are acutely aware that most of our Members (being of a certain age) are particularly vulnerable. Please follow the guidance carefully.

- **You must be able to demonstrate that you are COVID negative.**
- **The “Rule of Six” currently applies**
- **Social distancing must be observed at all times.**
- **Clubhouse entry is restricted to one person at a time, and only for**
 - **registering your car number (please sanitise the console afterwards)**
 - **getting Jacks and mats,**
 - **using the toilet.**
- You will need to have pre-booked on the Club’s booking system (via the Club website).
- Do not arrive early because you should not access the Club until all the players from the previous session have left.
NB The booking system allows for a 10 minute interval between bookings
- Change into your bowling shoes before entering the Club and wait at the gate with your bowling bag and personal possessions, until you are able to enter.
- Do bring refreshments with you, especially to rehydrate in hot weather. Do not however, share food / drink with other players except from your own household.
- Masks should be worn when not playing (unless you are clinically exempt).
- Sanitise upon entry to the Club premises.
- Please observe ALL the signs around the Green and follow the instructions on them.
- In front of the Clubhouse you will find the Jacks and Mats for play.
You may also use your own jack & mat if you prefer.
- All the jacks, mats & bowls you are using must be disinfected before and after your game. This also applies to any other bowls equipment, such as jack and bowls gripping/lifting devices.
Disinfecting “wet wipes” are provided for this purpose.
- Keep your personal possessions, refreshments, bowling bag etc in the area provided for this purpose (by the Garage)
- Wash your hands frequently and thoroughly at the external Handwash Station. Alternatively use the rub-in hand sanitiser gel provided. Water bottles can be topped-up at the Handwash Station.
- It is recommended that the jack is sanitised after each end.
- Do not pick-up your opponent’s bowls or return another group’s jack if “jack-up” is called. Basically, stay alert to possibilities of cross-contamination on the Green.
- Measures are not to be used on the Green. Decide amicably who has won the end !
- Spectators are only allowed in accordance with Government guidelines. (No House pets.)
- Please leave the Green promptly at the end of your Time-slot; disinfect the equipment you have used; pick up your personal possessions; and disinfect the bottoms of your bowling shoes, on the way out.
- Please do not be selfish and stand around talking; remember that other Members are waiting outside the Club for their turn to play.

In the event of an emergency - phone 999

For other matters, please contact the Club Secretary – 01543 304357
